Parrish Cotton Bill Is Killed

Austin, Jan. 31.—The Parrish bill to prohibit cotton planting on the same land two years in succession was virtually killed by a 2 to 1 adverse report Monday by the House Agricultural Committee, while chiropractors and medical doctors conducted a nip and tuck fight before the health committee considering the Renfro bill to license chiropractors.

Representative M. C. Parrish of Austin, author of the cotton bill, would not say definitely whether he will bring in a minority report which would get a House vote on the measure.

H. M. AKERS IS ELECTED HEAD AMERICAN LEGION

POST HERE HOLDS ANNUAL ELECTION OF OFFICERS TUESDAY NIGHT

H. M. Akers was elected commander of Edwin Hardy Post No. 9 American Legion Tuesday night to succeed J. B. White who retired after two years as commander.

Henry Lippman, was elected post adjutant and W. E. Lamb was elected vice commander of the post. Other officers elected are as follows:

J. C. Tucker, finance officer; John B. Henderson, post historian. Joe Richter, sergeant at arms. Executive committee, J. B. White, A. F. Mitchell, Louis Larza, Frank Walzel and J. D. Kirk. Trustees, H. M. Akers, A. F. Mitchell and J. C. Tucker.

The post adopted an agreement setting aside \$1000 for a building fund half of the amount being presented by Mr. and Mrs. A. F. Mitchell. The trustees of this fund are A. F. Mitchell, J. C. Tucker and H. M. Akers post commander.

A. F. Mitchell and John B. Henderson were named a committee to draft resolutions for the post commending the action of the Citizens National Bank in making loans to ex-service men on their bonus certificates.

J. D. Kirk and W. D. Bigbee were named the property committee.

The post will be represented at the convention in Paris this year by Mr. and Mrs. A. F. Mitchell who are now completing plans for the voyage. They will attend the convention and make a tour of the battle fields and the interesting places of Europe.

The meeting was held in the office of Mr. Mitchell. The post now has no meeting place but will convene on the first Tuesday in March in the office of Mr. Mitchell.

CAR OWNERS ASKED TO GET LICENSE NUMBERS

CITY MARSHAL GIVES NOTICE FEBRUARY 10TH WILL BE LAST DAY

City Marshal B. Slocumb has given notice that he will expect all car owners to have their new License Numbers by February 10th.

After that date the law requiring registration will be strictly enforced. All cars not having the 1927 numbers will not be permitted to be run or operated on the streets of Cameron.

Mr. Slocumb asks the co-operation of the car owners. He does not want to enforce this law against anybody but he will have to do so if the car numbers are not secured before that date.

It has been customary to be lenient with the car owners here and although January 31st was the last date on which license numbers could be obtained under the law the marshal wishes to give the car owners another chance.

It is a fineable offense to operate a car without license number and this law will be enforced against all after February 10th.

CONFESSION IS GIVEN BY EDMONDS IN LYDIA BARTEK DEATH

CAMERON GIRL MEETS DEATH TUESDAY NIGHT

LYDIA BARTEK FOUND LIFELESS IN ROOM OF LUTHER EDMONDS

The body of Lydia Bartek, 20 year old Cameron girl and daughter of Mr. and Mrs. Frank Bartek was found by night officer Will Cook at 9:30 o'clock Tuesday night in the room of Luther Edmonds over the George T. Moore building in Cameron.

Beside the bed on which the body lay the officer found Edmonds, hysterical and weeping. Sheriff Blaylock summoned to the scene of the tragedy from the court house across the street placed Edmonds under arrest and took him to jail.

Edmonds, according to the officers admits responsibility and has made a detailed confession to District Attorney Jack Lewis in which he details the crime, according to Mr. Lewis, who told a Herald representative Wednesday that at a late hour Tuesday night Edmonds gave a voluntary statement.

Sheriff Blaylock and Deputy Guy Pope reached the darkened room where Edmonds has been rooming for some time and made a thorough search and investigation. Edmonds according to the officers said at the time he was arrested that he would tell the details.

Two bottles almost empty of their contents were found by the bed. These were taken by Sheriff Blaylock together with another evidence of the crime found on the awning roof.

Night Officer Cook was called to the building by persons who heard the cries of Edmonds. On reaching the room, he said he found the lifeless body and Edmonds nearby.

The body lay across the bed. The girl was fully dressed but her shoes were off. She had apparently died only a few minutes before Mr. Cook reached the scene.

Dr. A. S. Epperson, City health officer, was called and made an examination of the body to ascertain the cause of her death.

Judge Ed. F. English was called to hold an inquest but withheld his verdict pending further investigation by the officers.

Members of the Bartek family came to the building shortly after the death of the girl having been notified by friends of the death of their daughter.

Crowds attracted to the scene packed the sidewalk and overflowed into the street. More than a hundred men drawn in the special venire of the Abe Claxton case were in the city. The court was in session and news of the tragedy reached members of the court, attorneys and veniremen as the court adjourned for the night.

The Green Bros. ambulance after the examination by Dr. Epperson took the body to the morgue. The evidence gained by the doctor has been given to district attorney Lewis who was also called from the court house where he is engaged in the prosecution of Claxton.

Adjoining the room occupied by Edmonds where he is said to have taken the girl shortly before her death, is the room occupied by Mr. Burrage who told officers of hearing struggles in the room shortly before they were summoned and made some investigation, opening the door to the room in which the body was found later and there he saw Edmonds, apparently trying to revive the girl, and calling for aid.

A half burned candle stood on a small table in the corner of the dark room and its fitful gleam partially lightened the death chamber. A small iron bed in a corner held the body of the girl. According to night officer Cook who reached the scene first, Edmonds was making frantic efforts to revive the girl, and exclaimed, "She is dead," laying her body on the

Hassell Now in Death Cell Huntsville Prison

(State Line Tribune)

Sheriff Martin and Bill Messey returned the latter part of last week from Huntsville, where they took George J. Hassell, convicted murdered from Parmer county.

Hassell was turned over to the authorities there where he will be kept till he shall have been executed on February 25.

Sheriff Martin stated that no difficulty was experienced with Hassell on the two and a half days' journey. Hassell was interviewed by reporters at Cameron, where the party spent the second night. He talked freely and upbraided the reporter for smoking cigarettes, telling him if he would come back and bring some cigars he would "tell him something." When the reporter returned, Hassell was sitting on the floor of his cell with his shoes off. He lighted a cigar and smoked continuously for an hour and a half, and complained that he was being underfed.

Believes He Will Have Another Chance

Hassell stated to the reporter that he believed he would have another chance after death; that he did not believe in a hell of fire and brimstone. He said he saw a picture in his mother's Bible once that had stayed with him and gave him more trouble than he thought of the electric chair. He told the reporter that this picture depicted an angel standing on the brink of a lake of fire. Children were behind him and in the background lurked the devil. The angel was there to keep the children from falling in. Hassell said the Bible said the devil was tied for a thousand years, so he wasn't afraid of him. Hassell said that some people prayed when they were in trouble, but indicated that he believed they ought to pray beforehand.

Lived With Ten Women

Hassell told the reporter that he had been married three times and that he had lived with seven women whom he was not married to. He said that he had only loved one woman—his first wife, but she wouldn't have anything to do with him.

Says He Will Tell All

Hassell reiterated his former statement that he would tell all before being placed in the chair. Said he did not want anybody to suffer for the crimes he had committed. And now he has nothing to do except wait the dawning of the day of his execution. February 25, thirty-two day distant. He has lots of time to think it over and expressed himself as wishing he would be fed bountifully so he would have time to think about something besides his hunger.

Body To Be Returned Here

Unless the body of Geo. J. Hassell is claimed after his execution, it will be returned to Farwell at the expense of the County officials have declared. The indications are that no one will claim the body and it will be returned to this county for burial. P. L. Ferguson, father of Mrs. Geo. Hassell, who was here during the Hassell trial, said that the members of the Ferguson family had but two requests to make in the disposition of the body of Hassell: that it not be buried with the bodies of Mrs. Hassell and her eight children, and that the head of the executed man be placed north—the grave of a convicted criminal.

bed and moaning hysterically, calling for a doctor.

The floor is occupied by other roomers who also were aroused by the noises and came down to summon officers.

No date has been set for the examining trial as the district attorney is engaged in the prosecution of Abe Claxton for the murder of Otto Junk and J. M. McAlpine.

The funeral was to be held some time Thursday but arrangements had not been made up to Wednesday night.

T. S. HENDERSON NAMED ON ALAMO LAND INQUIRY

CAMERON MAN TO SERVE BY APPOINTMENT OF GOVERNOR MOODY

T. S. Henderson of Cameron has been named a member of the committee by Governor Moody to inquire into the advisability of the state's proposed purchase of the land surrounding the Alamo in San Antonio.

The following dispatch from Austin will be of interest to Cameron people:

Austin, Tex., Feb. 1.—Senate concurrent resolution providing for appointment of a commission of three members by the Governor to investigate and report to the Legislature on the advisability of purchase by the State of the privately owned property surrounding the Alamo at San Antonio, has been signed and filed by Gov. Moody.

The Governor has appointed Mrs. Clara Driscoll Seyler, of Austin; T. S. Henderson of Cameron and Sam P. Cochran of Dallas.

CONDEMNED MAN DRAWS CHART LEADING TO DEATH

WEIRD MAP MADE IN DEATH CELL LEADS TO HUMAN BONES

Awaiting grimly in the lonely death cell at the walls in Huntsville prison for his execution on February 25 for the murder of his wife and 8 step children at Farwell in Parmer County, George J. Hassell, last week gave to officers a chart which has led them to the discovery of human bones under a house in which he lived in Whittier, California.

The bones are those of his wife and her three adopted children slain by Hassell in 1927. Hassell confessed their slaying and his chart drawn in the death cell to aid the officers in finding the bodies has confirmed his confession at Farwell in which he admitted killing the four.

While on his way to the walls Hassell spent the night in the Cameron jail. He told Cameron Herald that before his death all crimes which he committed would be revealed. The Herald was the first newspaper to carry this statement.

Whittier, Cal., Feb. 1.—The confession of George J. Hassell, convicted Texas slayer in which he admitted the murder here ten years ago of a family of four was confirmed Tuesday by the finding of human bones buried in the cellar of a house, which he formerly occupied.

Hassell is now awaiting execution in Texas as the result of the slaying of his wife and eight stepchildren.

The Whittier victims are believed by police to be Mrs. Marie Vogel of Pittsburg, Pa., and her three adopted children, who disappeared from here under mysterious circumstances in 1917.

The bones of four persons were unearthed Tuesday while police were digging beneath the place in which Hassell at one time lived, under the name of "G. Bates."

The officers were guided in their search by a chart prepared by Hassell.

In his confession Hassell declared he had choked and clubbed to death a woman with whom he was living here, and then killed the sleeping children, following an argument over whether he should go into the army. This happened shortly after the United States entered the World War. After committing the murders, Hassell buried his victims beneath the house.

When Hassell's chart arrived Monday authorities found the house and

FIRST NATIONAL BANK SHOWS BIG INCREASE

F. B. CABLE, CASHIER PUBLISHED STATEMENT SHOWING CONDITION OF BANK

Resources of the First National Bank of Cameron show a big increase since the last statement, according to published report of the condition in this issue of The Herald.

Mr. Cable, cashier, has issued this statement which shows the condition of the bank as of date of statement. He says the volume has increased since this statement was made.

The statement not only shows a fine condition of affairs in this bank but is a helpful outlook for the general condition of the community.

This statement may be found in this issue. Mr. Cable, able banker and cashier of the bank is to be congratulated on his showing with this big institution.

F. W. KAZMEIR SHIPS 12000 EGG MACHINE

WILL RECEIVE EGGS FOR HATCHING MONDAY FEBRUARY SEVENTH

The 12,000 egg hatchery owned by F. W. Kazmier of Bryan and now set up for operation in Cameron will be ready for operation by Monday, February 7, according to Mr. Kazmier who arrived in Cameron Monday to complete arrangements for the installation of the plant.

The plant will be managed by Dr. G. E. Sutton, who is now engaged in the seed business. It is understood the plant will be located in the building now occupied by Dr. Sutton near the Jeff Hefley No. 1 cash store.

An announcement in this issue of The Herald will be of interest to those who will want baby chicks.

The coming of the hatchery is the culmination of plans long entertained by the commercial club. Active in the work of bringing this plant to Cameron, starting more than two years ago, S. M. Burns, club director, is being congratulated by his friends on this success.

Others who have been active in this matter are W. Cobb of the agricultural committee, Dr. Sutton and J. C. Young, chairman of the home industry and factory committee.

Both Cameron newspapers have been of great assistance to the club.

Mr. Kazmier, one of the noted poultry men of the South, comes to Cameron to make a success of the hatchery and he will have the co-operators generally.

METHODIST TO MEET WITH THE BAPTIST

BIBLE CLASS LESSON TO BE LED BY O. M. SMITH SUNDAY

The Men's Bible Class of the Baptist church met last Sunday with twenty-two members present and welcomed three visitors.

Discussion of the lesson "The Christian Overcoming Temptation" was led by the assistant teacher of the class, J. B. White. The topic of the lesson, "How To Overcome Temptation" is no doubt the greatest question confronting man today, and this question was presented in a most forceful manner.

On next Sunday the Men's Bible Class of the Methodist church meet with the Baptist class at the Baptist Sunday School Annex. The lesson for next Sunday is another of great importance to the Christian. "The Practice of Christian Stewardship" having for the topic of the lesson "Scope of Spirit of Christian Stewardship." This all important question is to be presented by the teacher of the Methodist class, Oxsheer Smith.

We urge every member of the class to be present next Sunday and hope you may bring someone with you to feast with others on this occasion. Class Reporter.

CRANBERRY POULTICE OF NO AVAIL; BLOOD POISONING PROVES FATAL

Although he believed that a "cranberry poultice would cure any case of blood poisoning ever known," S. R. (Pat) Patterson, 67, of Rockdale, was forced to submit to an operation for the amputation of his arm Friday, January 21, at the Cameron hospital. He died the following afternoon at seven o'clock.

Patterson's hand became infected several weeks ago, and after being informed by a physician that blood poisoning had developed he made an attempt to cure it by means of a "cranberry poultice" during the early part of last week. Tuesday he was taken to the Cameron hospital for treatment and Friday it was found necessary to cut the arm off just above the elbow. Death came at seven o'clock, Saturday January 22.

Funeral services were held at the Rockdale First Baptist Church Sunday afternoon, with interment at the New City Cemetery. The sermon was by Rev. Cross of Waco.

S. R. Patterson was born March 2,

1860, in New York City, and came to Texas in 1887, moving to Rockdale in April, 1905. He was married to Emma J. Daniels, at Buda, Texas, September 27, 1902. He is survived by his wife, three daughters and one son—Rockdale Reporter.

Chevrolet Plans Big Sale Increase

One of the most significant events in the automotive industry today is the series of nation-wide sales meetings of the Chevrolet Motor Company now in progress. They are destined to reach 15,000 dealers, associate dealers and bankers in 21 of the largest cities before their close in April.

Sales plants of the company for what is expected to be the greatest year in its history are outlined at these meetings by officials of the sales, advertising and service divisions. As the world's largest makers of three speed transmission cars the company is looking forward to 1927

for a measurable increase over 1926, when production records for the previous years were exceeded by more than 40 per cent. Recently announcement was made that the company's facilities had been expanded to make possible production of 1,000,000 units yearly.

R. H. Grant, vice-president and general sales manager, will direct the meetings and outline the most comprehensive sales campaign ever attempted by a manufacturer of automobiles.

The meetings will be held from coast to coast and will place the entire dealer organization in personal touch with the company officials and will give first hand information on the workings of the sales plan. A graphic presentation of these plans will feature the afternoon sessions at the meetings. Playlets will demonstrate new policies of sales, advertising, service and used car merchandising under the 1927 program. Dealers will be guests of the company at banquets following the meetings.

Approximately 3,000 bankers will attend the meetings, reflecting their interest in Chevrolet's position and influence in the automotive industry today.

Assisting Mr. Grant in the meetings will be C. E. Dawson, A. W. L. Gilpin and H. J. Klingler, assistant general sales manager; J. P. Little, manager of the parts and service division; William A. Blees, manager of the purchase certificate division; Sidney Corbett, manager of the fleet sales division and W. G. Lewellen of the sales promotion division.

The Most Beautiful Chevrolet in Chevrolet History

In addition to masterly new bodies by Fisher—in addition to a host of mechanical improvements typified by AC oil filter and AC air cleaner—the Most Beautiful Chevrolet offers certain features heretofore regarded as marks of distinction on the costliest cars. These are made possible at Chevrolet's amazingly reduced prices only because volume production results in definite economies and because Chevrolet now, as always, passes these savings on to the buyer in the form of added value.

No other car, as low in price, offers such features as fish-tail modeling, full-crown one-piece fenders, bullet-type lamps and the like. Come in—and see for yourself!

STUDENTS OFFER BIG ENTERTAINMENT FEST

THIRD ANNUAL STUNT NIGHT
YOE HIGH AUDITORIUM
FRIDAY NIGHT, FEB. 4

Yoe High School started it two years ago, that is, putting on the annual stunt night. This custom is universal among the High Schools and colleges of the country now. We have selected the first Friday evening in February for the annual stunt night.

Does Weakness Detract from Your Good Looks?

Paris, Texas.—"I was suffering with woman's trouble and after trying several different remedies without receiving any benefit, I decided to try Dr. Pierce's Favorite Prescription. I was told that it was the best, and so it proved to be. I had taken only a few bottles of it before I was perfectly well."

"I also took two bottles of Dr. Pierce's Golden Medical Discovery after an attack of the flu and it built me up in health and strength wonderfully."—Mrs. Gertie Nation, 161 Graham St. All dealers.

Friday night, February 4th will be the third of these entertainments. The two previous entertainments have been very successful, drawing the largest crowds to the auditorium of the school year.

The stunt night is put on in the form of a contest between the four classes and the winning class then presents the trophy to the school. The winner is selected by three judges who sit with the audience and are not known until the decision is announced.

Last year the Senior class won the contest and from all indication they are out to repeat their victory again this year. They received a large picture for winning the contest a year ago and presented the picture to the school in the name of the Seniors of 1926. A large picture, "The Harp of the Winds" will be the prize this year and each class is putting forth every effort to win this prize and thereby have the privilege of presenting the picture to the High School.

It is impossible to give much dope on the character of the program that will be presented as there is usually a veil of mystery thrown about each stunt that is to be put on by the classes. Each class tries to keep their stunt a secret until the night of the performance. At the same time each class will guarantee that you get your money's worth. The show will start at 7:45 and the price of admission is 15c, 25c and 35c.

THAT HOLE IN THE FARM POCKET

TIME TO QUIT "BLOWING IN" OUR HARD-EARNED MONEY FOR BOUGHT FOOD.

Atlanta, Ga.—(Special.)—"There is a great big hole in the South's farm pocket that lets out our farm money as fast as it comes in," said H. G. Hastings, recognized farm authority, and President of the Georgia Association, a state-wide development organization that has for its major object the betterment of farm conditions.

"So far as we know, no other farm section or country in the world has ever been able to stand such an enormous and steady drain of its money life-blood for food and grain as has the South, without complete farm bankruptcy and collapse for the last fifty or sixty years.

Our farm pockets have had just as big holes at the bottom as they have had at the top, so to speak. As fast as our money for cotton, or other cash crop, went in at the top of the pocket, just so fast did it slip through that hole at the bottom for bread and meat and grain.

A lot of our good folks are looking to Washington for government help, which probably won't come. No use to look that far away. The source of most of our trouble is right at home. It's the empty corn crib and oat bin, the empty hog pen and smoke-house, the lack of hay and forage in barn or stack, milking tin cans of condensed milk instead of a good cow; few eggs, few chickens, and eating New Jersey, Michigan or California grown vegetables and fruits via the tin can route instead of from the home orchard and gardens.

Some food items we necessarily must buy, coffee, salt, sugar, etc., but there is absolutely no sense in the way we do on this food question. It's so foolish and unnecessary, this "paper bag farming" as someone called it. Some of our farm folks are more guilty than others on this particular brand of poverty-producing foolishness, but every one of us is guilty in greater or less degree.

Diversified farm operations, at least to the full extent of home needs from home acres, is the first step away from present bad farm conditions to permanent farm prosperity. Reverse the present way of running the money on

truck or automobile to town empty and bringing it back full. Town is the place for you to sell food items instead of the place to buy most of them.

Grain, meat, hay and forage from home acres, fresh vegetables and fruit from your garden and orchard or in cans on closet shelves pay no long line of wholesale and retail profits and railroad freight rates. Every farmer in the South has his and his family's salvation in his own hands this spring. Sew up that hole in the farm pocket beginning now.

AT THE AGE OF 83

Countless girls and women now know how foolish and needless it is to "purge" and "physic" themselves to avoid sick headache, dizziness, biliousness, sallow skin, colds, or sour, gassy stomach.

They have found that Dr. Caldwell's Syrup Pepsin helps to establish natural bowel "regularity" even for those heretofore chronically constipated. Dr. Caldwell's Syrup Pepsin not only causes a gentle, easy bowel movement but, best of all, it never grips, sickens or upsets the most delicate girl or woman. Besides, it is absolutely harmless and so pleasant that even a cross, feverish, bilious, sick child gladly

ED. GUNN, MARRYING JUSTICE, GIVES EXPERIENCE 14 YEARS IN TIEING MATRIMONIAL KNOTS

Rockdale, Jan. 29.—Texas' "Marrying Justice" has retired.

On January 1 Judge Ed Gunn relinquished the office which, in his tenure of 14 consecutive years, he made famous inside and outside the borders of Texas, because in connection with it were married more than 1,400 couples, a number made unique by the sparsely settled territory from which they came. And of that number only 50 sought the divorce courts later, he says.

For 14 years men and women of all ages and varying nationalities came to his dingy little office here, seeking always the same thing—marital happiness. They came, often for distances of many miles and at all hours of the day and night, because fame had said his marriages were always happy ones, and had cast over his office the glamour of tradition.

Visited By Old and Young

Runaway boys and girls with but a dollar or so in their pockets, but a world of love in their hearts, and driving, perhaps, a horse hitched to an old-fashioned buggy; aged persons, 70 years or more, seeking companionship for their declining days; dark skinned Spanish beauties and their escorts—they came to the judge's office to have the "marrying justice" join their hands.

How the judge's eyes dance as he tells of the gay, happy marriages which he consummated, of the runaway couple from Cameron, whom he helped to escape and to square up things with the girl's parents; of the tiny Mexican bride, with her glass ring and clothes purchased by the bridegroom (a national costume), who could not be given to her husband following an elaborate church ceremony one night because her father wanted Judge Gunn to finish the job at 1 o'clock in the morning; of the girls who married young men in the war days of 1918 and bade them good-bye at his office door with a shake in their throats and a sob in their hearts.

Wrong Attitude Taken

And his eyes gleam when he declared that young people of today are taking marriage too lightly, and seek amusement and pleasure outside of the home rather than inside it.

The attitude toward marriage exhibited by young people largely since the advent of the automobile and what he declares are its attendant evils, has made it easy for him to lay down his staff of office, he says.

"Let me tell you a story," he said, "of a young man who drove here one time and asked me to run out a few miles with him into the country to perform a wedding ceremony. When we arrived at the little house in the San Gabriel River bottom, this young man drew me aside at the gate to whisper in my ear:

"My girl is sick in there, judge with typhoid, and the doctor says she can't live. Today was to have been our wedding day, and neither of us want to put it off."

Tells Another Story

"So I married them, with the girl propped up on a pillow, and the boy with his arm about her and I was glad that I was a justice and could do it."

And then the judge tells another story of a boy and a girl who had been driving around town all after-

noon, they told him, and finally called him to marry them.

"I had to tell the young man to cut off his automobile engine and to throw down a lighted cigarette before I could go ahead with the ceremony. The girl chewed gum during the service."

The natural result of this attitude toward marriage is an increase in divorces, says Judge Gunn, and most of the 50 divorces from his 1400 marriages came in the later days of his administration.

Tells of Troubles

But the half of it hasn't been told. Women, says Judge Gunn are at the root of most of the divorce problems, and he is prepared to back his opinion up with instances gleaned from contact with 2,800 men and women.

Once upon a time, says he, if a woman sought him out for advice, her troubles perhaps dealt with drunkenness or abuse on the part of her husband. One trait of all women, he says, is to pour their troubles into the ears of some sympathetic listener, even to the justice of the peace. As a father confessor and adjudicator of domestic differences he could once talk things over with the man and persuade the girl to take him back

again. Now, however, the trouble more often lies with the woman.

"Most young men of today when they marry are ready to settle down and to make a home. Women, on the other hand, seem to be marrying to have a good time," he said. "When a wife finds that having a good time requires more money than her young husband, usually just starting in business, can give her, trouble and divorce ensue. The desire of women for good times, fine clothes, expensive automobiles and vacation trips and the like is wrecking their husbands.

"If their husbands can not give them the things they want, they seek them elsewhere, from other men; or they get a divorce in order that they may enter business and get things for themselves, or try out another husband."

The remedy for the divorce situation, believes Judge Gunn, is a return to the days when girls were reared in homes instead of in automobiles and picture shows, and a law requiring the publication in newspapers, or the posting in public places, of notices of intent to marry at least 30 days before the wedding."

THE STATE OF TEXAS

To the sheriff or any constable of Milam County, Greeting:

You are hereby commanded to summon Mrs. D. Daugherty by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 20th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 20th Judicial District; to be and appear before the Honorable District Court of Milam County, Texas, at the next regular term thereof, to be holden at the Court House in Cameron on the First Monday in March 1927 same being the 7th day of March, 1927 then and there to answer the Plaintiff's Petition, filed in said Court on the 3rd day of January 1927, wherein the State of Texas is plaintiff and Mrs. D. Daugherty, John Hancock Mutual Life Insurance, State National Bank of Austin and E. C. Faulkner are defendants, file number of said suit being No. 518.

The nature of the Plaintiff's demand as set out in said petition being an action to recover of the defendants the sum of \$120.16 as delinquent taxes due plaintiff for the years 1924 and 1925, including interest, penalties, and costs, that have accrued thereon said taxes, interest, penalties and costs being due upon the following described property, situated in the County of Milam and State of Texas and within the metes and bounds and territorial limits of said State and County to-wit:

200 acres of land out of the T. J. Chambers league, Abstract No. 6.

And plaintiff further prays for the foreclosure of its liens against said property, to satisfy said taxes, interest, penalties and costs, for an order of sale, writ of possession, all costs of suit, and for general and special relief, all of which will more fully appear in plaintiff's original petition now in file in this office.

Herein fail not, and have you then and there before said Court, on the first day of the next term thereof, this Writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of said court, at my office in Cameron, Texas in the County of Milam, this 3rd day of January, A. D. 1927.

GROUNDHOG DAY

While giving an evening lecture
Henry Ward Beecher was interrupted
by a loud imitation of a cock-crow
from the gallery. Looking from his
watch to the window the noted speak-
er replied to the embarrassment of
his heckler:"It can not be that I have talked
until daybreak and yet it must be. The
instinct of the lower animals is infal-
lible.The Groundhog Day myth is no
more a test of the infallibility of ani-
mal instinct than was Beecher's pun.
If it serves as a test at all it is as a
test of human gullibility and super-
stition. And if the test shows a high
percentage of both gullibility and
superstition it would not be surpris-
ing, for most people will believe any-
thing about the weather, whether pro-
phesy, almanac prediction, "sure sign"
or "saying."Nevertheless, the Groundhog Day
fable is an interesting and valuablebit of folklore worthy of perpetua-
tion and of annual commemoration.
The groundhog's shadow doesn't deter-
mine the weather one way or anoth-
er, but it plays an important part
in the traditions of the country. This
weather fable is a part of the true
American folklore. That some abide
by the groundhog's forecast does not
in any measure detract from the value
of the tradition as folklore.As the Groundhog Day story goes
there will be a return of wintry weath-
er if the groundhog is frightened
back into his hole by his shadow. In
those parts of the country where the
groundhog makes his burrow wintry
weather persists several weeks after
February 2 so the prediction is with-
out value except to make a dark and
dismal February day tolerable to
those who trust that a sunless Feb-
ruary 2 augurs an early spring.

SPRINGTIME

Already there are many signs of
approaching spring, although official-
ly it is not due to arrive until March
21.Spring is the season of reincarna-
tion, rejuvenation and radiant life.
It is only to man that January 1 re-
presents the birth of a new year and
the calendar year is an artificial
structure. With plant life and that
of the lower animals the coming of
spring is at once the birth of a new
year and new life.Humanity recognizes and speaks of
a new year as from January 1 but
nevertheless observes it from the first
breath of spring. After the departure
of the drear and stifling winter and
with the coming of refreshing and
magnetic spring there is new life and
new hope created in the breasts of
men and women. Spring brings great
plans and high resolves which only
winter can demolish or deter.It is not sufficient to say that the
homing instinct is convenient in the
spring. It is natural and not to be
gainsaid by man or beast. Spring
urges the bird to build its nest, the
animal to burrow into its mother
earth and man to plan his home, but
neither bird, beast nor man knows nor
asks why. Spring is the one and only
irresistible force.

CONSIDER THE NEWSPAPER

Where do you obtain your know-

ledge of current events, science, poli-
tics and the greater part of your edu-
cation?From your newspaper.
When your merchants need busi-
ness, through what medium do they
obtain it?Your newspaper.
When the community and the church-
es, schools, civic and welfare or-
ganizations of the community need
community action and cooperation, to
what do they appeal?Your newspaper.
These are some of the reasons why
the newspaper is your newspaper and
why communities are only as strong
and progressive as their newspapers.
If there is one quick cure for commu-
nity somnolence it is a wide-awake
newspaper.The first duty of a newspaper is to
transmit to its readers the thoughts
and activities of humanity at home
and abroad, but the value of that
other department of the daily newspaper
—advertising—should be overlooked
by none. The public anticipates its
shopping by scanning the advertise-
ments in the newspapers and the mer-
chants anticipate their business by
newspaper advertising. Advertising is
a mutual proposition between all con-
cerned.Before the rise of present intensive
newspaper advertising the public was
powerless to plan its buying. Money,
time and dissatisfaction was the price
paid. At the same time the merchants
had to be content to wait for business
and the most of it came Saturday af-
ternoon and evening, seldom on Mon-
day and never in the mornig. News-
papers add the universal employment
and appreciation of newspaper adver-
tising permits the public to plan its
shopping and has made business for
every weedy-day.English women are said to be tak-
ing to driving of cars, but whether
from the back seat is not clearly
stated.There seems to be an opinion on the
part of many who invested in recent
get-rich-quick schemes that they
didn't make it.With Mussolini running things we
wonder just what the king of Italy
does to justify him in drawing his
salary?SUBSTITUTE TRUSTEE'S NOTICE

—The Sure Way To Higher Pay

Master this course, or any that we offer, and your success gain-
ing powers will be increased from 100 per cent to 500 per cent
or more. The net gain from your increased earning power will
pay the cost of this course many times, the first year following
your graduation.

—Three Big Money Fields.

Frank Vanderlip, the New York financier, says there are "Three
outstanding fields of endeavor where Big Money is made—these
fields are—

- (1) High Grade Salesmanship.
- (2) The Professions.
- (3) High Grade Management.

This course in salesmanship gives immediately increased earning
power, greater managerial ability, and is an invaluable aid in all
lines of business.

—Make Yourself Safe—Be A Climber.

Old "Put-It-Off" and "It-Can't-Be-Done" have done more to
cause failure, discourage ambition and to interfere with success
than all other forces put together.Every day you procrastinate, wait and put off entering this
school delays the ultimate success that is yours for the taking.A capable stenographer, bookkeeper or salesman is safe against
drudgery and want. Only a few dollars, determination and persev-
erance stand between you and these safeguards—and these money
making and success building courses. Parents make your girls
and boys safe.

THE LAST WORD!

After this week's issue of The Herald the revision of the mailing galleys will begin. You may receive another issue or two of this paper as it will take about two weeks to complete the revision.

We are attempting to present a statement to each one before that time.

All subscriptions not paid by that date will be discontinued.

We are beginning this week, as we stated last week, to take from the list those who have not paid. A large number have paid and many have arranged to pay.

The Postal Regulations do not permit papers to be sent through the mails FREE or not paid for within a reasonable time.

We have a large number unpaid. We cannot continue them. We wish we could send the paper on to our great family of readers but this is impossible on account of the government regulations.

Do not blame us. Do not criticise us. Look at the date on your paper. We cannot send it unless paid for.

We have given ample notice and if you do not receive your paper this week or next week you will know that you have been dropped from the list.

PROFESSIONAL WOMEN JOIN STATE SOCIETY

BROADER FIELD OF USEFULNESS SEEN IN MOVEMENT HERE

The Business and Professional Women's Club enjoyed a delightful meeting Tuesday evening at the Country Club. The club room was attractively decorated with evergreens and woodland berries. A miniature cherry tree centered the large mantle board; near it stood a tiny log cabin and handsome silver candle sticks rested at either end. Pedestal floor baskets adorned vantage points, and twelve tables were provided for the serving a splendid chicken dinner with salad pickles, sandwiches and hot tea. Plate favors were comic valentines which were enjoyed.

After dinner a business session was held by the president, Miss Rose Ris-

GLASS OF SALTS CLEANS KIDNEYS

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 pints of acid and waste, so we can read and understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

char. The subject of Federation was brought up and after discussion the club unanimously voted to Federate under its present title and the names of the members will be sent to state headquarters at once.

After the business session a social hour was enjoyed at which time a spelling match was participated in by the members with Mrs. Meta McCown as teacher.

At the conclusion of the evening the president passed a box containing as she said, "A Pill" to each one present, which were capsules containing a name of a club member who was to be their "Friendship Sister" for the month of February during which time many kindnesses are to be shown each other.

The Club wishes to thank the last month's committee for their splendid service. Next month's committee is: Miss Wilyne Hyde, chairman, Misses Delphya Scott, Helen Horstmann, Mary Randolph and Mrs. Mary Posey.

Guests present beside club members were: Mrs. Floris Criswell, Misses Tip Messimer, Endon Guess of Buckholts, Vera Bigger of Bastrop, Mrs. Leonard Lewis, Mrs. S. R. Cotton and Miss Austin.

SENATE MAY REPEAL AMNESTY STATUTE

TOM LOVE AFTER JIM'S SCALP AND MOVE FORECASTS PASSAGE

Austin, Tex., Feb. 1.—Leaders in the fight to repeal the Ferguson amnesty who act Tuesday won their first victory, will attempt to follow the advantage and carry the bill through quickly, it was indicated tonight.

A minority favorable report on the bill prepared by Senator Tom Love of Dallas, Monday was ordered printed by the senate over a majority unfavorable report. The vote was 18 to 8, indicating that Love's measure may pass the senate.

Action of the senate in ordering the minority report printed is taken as an indication that the Love bill is in friendly hands and that the political citizenship restored to former James E. Ferguson two years ago may be taken from him.

Austin, Tex., Feb. 1.—Repeal of the amnesty act which restored political citizenship to former Governor J. E. Ferguson, Tuesday was presaged by the action of the senate in ordering printing of the minority favorable report.

The amnesty act, returning to Ferguson the right to hold office in the state which the senate in 1917 took from him by impeachment, was passed by the 39th legislature largely on the plea of ex-Governor Miriam A. Ferguson in the bitterest fight in the history of the legislature.

Mrs. Ferguson, then governor, made her campaign largely on the "vindication" which she wished to secure for her husband whom the senate held in 1917 was guilty of gross irregularities.

Senator Thomas B. Love of Dallas on the first day of the present session, reopened the historic struggle by the introduction of his bill designed to repeal the amnesty measure.

Minority favorable report from the committee on commercial jurisprudence was signed by W. H. Bledsoe of Lubbock, W. D. McFarlane of Graham and A. E. Wood of Granger. Wood is conceded the floor leader for Governor Dan Moody.

Other members of the criminal jurisprudence committee: Woodward chairman; Ward, Bledsoe, Bowers, Fairchild, Holbrook, Miller, Real, Stuart, Wirtz.

Following the return of the committee reports, McFarlane, one of the signers of the minority favorable recommendation, moved it be printed. Farr of Benavides, moved a substitute motion that the majority report be printed which lost by a vote of 18 to 8.

Big P. T. A. Meet Here Next Month Says Mrs. Bender

Mrs. John R. Bender, president of the Ninth District Parent-Teacher Association, urges that all local Parent-Teacher Clubs to make appropriate observation of Child Welfare Day on February 17th. On this date in 1879 the National Congress of Parents and

Teachers was organized in Washington, D. C., the organization meeting being largely the result of effort put forth by Mrs. Theodore A. Birney of Alabama.

This event offers an excellent opportunity for nearby clubs to meet together and arrange joint programs. All programs should be arranged to bring both inspiration and information along the lines of Parent-Teacher

endeavor. If clubs find it impossible to hold a meeting on February 17th, recognition of Child Welfare Day should be made at the regular February meeting which falls nearest that date.

Program material especially arranged for Child Welfare Day, may be obtained by writing Mrs. Stephen Chamness, Executive Secretary, Texas Congress of Mothers, Capital Station,

Austin. The birthday offering taken on Child Welfare Day should be sent to the state treasurer, Mrs. J. M. Loving, Capital Station, Austin. All money received from this source is to be used to promote the organization of Parent-Teacher work in unorganized or poorly organized territory.

Observation of Child Welfare Day is required of all clubs desiring to attain the standard of excellence.

THE MAN WHO SAVES YOU MONEY

Abraham Lincoln

1809 to 1865

In a cabin far out in the wilderness of Kentucky was born on February 12, 1809 the sturdy pioneer, statesman and preserver of the Union. Recognizing this patriot the American people on February 12 of each year pay tribute to his memory and set aside the day to revere the service he gave unselfishly to the American Union as sixteenth President.

American history has many heritages of character, giving sturdiness to the government and emphasizing the virtues of constitutional government under which a free people have grown powerful in peace and civil pursuits.

One of the early public utterances of this statesman was his advocacy of banking. Lincoln knew the benefits of well ordered financial institutions and saw in advance of many others the great development of finance under proper management and supervision.

This bank is a pioneer in the financial strength of Milam County and offers a service commensurate with the growing demands on banking. This bank comprehends the need of all and its services are available to all.

Open an account today and let us prove the benefits of such an institution.

VALUE OF TEXAS FARM CROPS DESPITE SLUMP IN COTTON IS STILL ABOVE THAT YEAR AGO

Dallas, Tex., Jan. 30.—Mixed trends in business and industry in the eleventh federal reserve district were disclosed during the closing months of 1926, according to the monthly review of the Dallas reserve bank, made public today.

Retail buying in the large cities, as reflected by the department store sales, was maintained at a level 3 per cent higher than a year earlier. Wholesale trade, however, which is an index to country buying, reflected more than the usual seasonal decline from November and was less than a year ago, the report pointed out. The report said the volume of the district's agricultural production in 1926 was the largest since 1919 and despite the decline in the price of cotton, the total value of the district's farm output exceeded that of the previous year, as the increased value of grain and feed crops more than offset the decline in the value of cotton.

The physical condition of the district's ranges and livestock is exceptionally good, the review said.

A further seasonal recession in the volume of employment was noted and a surplus of labor now exists in many lines of industry.

A Word With the Old Folks

Elderly People Are Learning Importance
of Good Elimination.

IN the later years of life there is apt to be a slowing up of the bodily functions. Good elimination, however, is just as essential to the old as to the young. Many old folks have learned the value of Doan's Pills when a stimulant diuretic to the kidneys is required. Scanty or burning passages of kidney secretions are often signs of improper kidney function. In most every community are scores of users and endorsers who acclaim the merit of Doan's. Ask your neighbor!

HIGHWAY COMMISSION COMPLETED BY MOODY

JUDGE ELY OF ABILENE THIRD
MEMBER NAMED ON
ROAD BOARD

Austin, Tex., Feb. 1.—Governor Dan Moody Tuesday named Judge W. R. Ely of Taylor county, as a member of the highway commission for the two year term, succeeding Scott Woodward of Fort Worth. Ferguson appointee refused confirmation by the senate.

Other appointments: Mitchell Campbell of Anderson, to membership on the state fire commission succeeding J. J. Timmins.

Charles McKamey of Grayson county, labor commissioner, succeeding Miss Fannie Daniels.

F. C. Weinert of Guadalupe county, tax commissioner, succeeding Edward Edwards.

Mr. Ely resigned as judge of the 42nd judicial district to accept the appointment. He served six years as district judge and before that as attorney and judge of Callahan county.

The new commissioner, now is living in Abilene, home town of the governor's wife. He lived for many years at Baird in Callahan county. Mr. Ely will arrive Wednesday or Thursday.

Chairman R. S. Sterling of Houston was the only highway commissioner here. Commissioner Cone Johnson of Tyler, was scheduled to arrive Tuesday; but he was detained by court business and will reach here Wednesday or Thursday.

When Johnson and Ely meet with Chairman Sterling, R. A. Thompson of Dallas is expected to be named state highway engineer.

AMON CARTER QUILTS AS TECH. DIRECTOR

RESIGNATION RECALLS ESCAPADE AT A. & M. COLLEGE IN 1925

Austin, Feb. 1.—Amon G. Carter, publisher of the Fort Worth Star-Telegram, has resigned as chairman of the regents of Texas Technological college, the Houston Post-Dispatch learned authoritatively.

He was reappointed a fortnight ago by Governor Dan Moody and unanimously confirmed by the senate. The fact that Carter expects to be out of the state much of this year, spending several months in Europe, was one of the reasons for the resignation.

Carter's resignation was made last week to Governor Dan Moody, who asked that he reconsider. Carter's closest friends here said that the publisher has irrevocably decided to give up the post and that nothing can cause him to withdraw his resignation.

Costs Thousands

Carter feels he no longer can spare the time, which he has so generously given to the West Texas institution. His service on the board has cost thousands of dollars, as he never cashed a state warrant for per diem pay or for traveling expenses, and has traveled widely for the Lubbock school.

Carter's advocacy of Moody at the 1925 Texas A. and M. university football game at College Station caused a furore.

Moody, as attorney general, had filed highway contract suits that nettled the Fergusons, who were at the College Station contest in force. Carter, excited by the Aggies' sterling play and inspired by his administration of Moody, shouted a number of times, "Hurrah for A. and M. Hurrah for Dan Moody."

Aided in Campaign

These shouts caused James E. Ferguson to rise from his box seat, out his wife, former Governor Miriam A. Ferguson, restrained him. At the instance of President T. O. Walton of A. and M. Carter was escorted from the stands, though he shortly returned.

Several days later Governor Ferguson demanded Carter's resignation as a member of the Texas Tech governing board, which he caustically refused to tender.

Throughout the bitter campaign of last summer, Carter's newspaper rendered valient service for Moody.

The above dispatch does not tell all the story. Governor Ferguson and others accused Carter of being intoxicated and T. O. Walton of A. and M. asked Carter to leave the field and not insult the governor and her party who were guests of the school at that time. Carter never denied being under the influence of liquor, so far as known here.—Editors Note.

Have Kidneys Examined By Your Doctor

Take Salts to Wash Kidneys if
Back Pains You or Bladder
Bothers

Flush your kidneys by drinking a quart of water each day, also take salts occasionally, says a noted authority, who tells us that too much rich food forms acids which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weaken; then you may suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To help neutralize these irritating acids, to help cleanse the kidneys and flush off the body's urinous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for 2 few days, and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate sluggish kidneys; also to neutralize the acids in the system so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure and makes a delightful effervescent lithia-water drink. By all means have your physician examine your kidneys at least twice a year.

RADIO NABS FT. WORTH BANDITS IN OKLAHOMA

ADVISED OF FATAL FT. WORTH
ROBBERY BY RADIO, OKLA
OFFICER MAKES CATCH

Sulphur, Okla., Feb. 1.—Two men arrested near here last night were identified today by Sheriff Carl Smith of Fort Worth, as the bandits who yesterday killed Roscoe Wilson, treasurer of the Majestic theater there in a holdup.

The men gave their names as Roy Wilson and Cecil Chambers, but refused to explain the presence of \$2,200 found in a suitcase in the car. Of this amount \$200 was in small change, \$800 in one-dollar bills and remainder in five, ten and twenty dollar bills. The bandits took \$4,600 in the Fort Worth robbery. Sheriff Bird Williams of Murray county made the arrests, after being called out of town to investigate an automobile wreck in which J. S. Watkins of Jonesboro, La., was killed.

Two men in the crowd about the overturned car acted peculiarly, the sheriff said, and he decided to investigate, when he saw they were driving the same make of automobile that had been stolen in Fort Worth shortly after the robbery. He had been advised of the robbery by radio and was on the lookout for suspects.

Sheriff Smith declared that he was wiring to Texas for requisition papers. No charges had been placed against the men this morning.

Notice To Car Owners

The time for payment of Automobile License Tax has expired but the City will give the car owners until

FEBRUARY 10th

To get their license plates. After that date the law requiring registration will be enforced. The City Marshal wishes to give this notice as a matter of accommodation to those who have not yet secured their numbers.

After February 10 the law will be enforced. The state law governing license tax requires car owners to have these plates and all cars not supplied with these plates after February 10th cannot be operated in Cameron.

Cars are not permitted to operate or run after February 1st without new numbers.

I believe the car owners will appreciate this extension of time and I ask the co-operation of the car owners so that it will not be necessary to enforce this law against anyone.

Please go to the office of the Tax Collector and pay your License Tax and get your new numbers. The law will be strictly enforced after that date.

COUNTY MEET HERE FEBRUARY 18TH & 19TH

BASKETBALL TOURNAMENT AT ROCKDALE FEBRUARY 4 AND 5

A meeting of the Executive committee of the Milam County Interscholastic League was held last Saturday afternoon in the office of County Superintendent, Kathryn Robbins.

Friday and Saturday, March 18th and 19th were chosen as dates for the County Meet which will be held in Cameron.

The boys' basketball tournament will be held Friday and Saturday, February 4th and 5th and the girls' basketball tournament will be held Friday and Saturday, March 18th and 19th. Both basketball tournaments will be held in Rockdale, and will be in charge of Coach H. V. Montgomery of Rockdale High School.

The tennis tournaments for both boys and girls will be held in Cameron beginning at 9 o'clock Saturday, March 12th.

School exhibits will be displayed as a special feature of the work of the League this year. Mrs. Kathryn Robbins will be in charge of all exhibits. The exhibits will be placed on the first floor of the Ada Henderson School Building and must be in place not later than 10 o'clock Friday, March 18th.

Special features appearing for the first time as a part of the League program are the three R contest and the Rural Pentathlon open only to one and two Teachers' schools.

A wider interest is being shown in the Music Memory Contest due to the fact that the Department of Extension of the University of Texas is able to furnish phonograph records of the contest selections.

In order to stimulate interest in literary events, silver loving cups will be awarded the winners in each of these events. The only athletic awards will be for the all-around Class A championship in Athletics, Class B championship in Athletics, and in Rural Pentathlon.

For the purpose of defraying the expenses of the Meet charges for the admission will be made as follows:

To preliminary contest in Declamation and public speaking 10c & 15c.

To track and field events, 15c & 25c.

To finals in debate and public speaking 10c and 15c.

All teachers are urged to acquaint themselves with the constitution and rules of the League and to give special study to eligibility rules.

A list of the Directors of the League are as follows: Director General T. A. Fisher, Cameron; Declamation, Henry Ross, Thorndale; Debate, Rex Corley, Gause; Athletics, L. V. Perkins, Cameron; Essay Writing, J. O. Hughes, Maysfield; Music Memory,

Miss Helen Flinn, Cameron; Spelling, Mrs. O. F. Robbette, Maysfield. Arithmetic and Three R Contest, M. F. Blansett, Rockdale; School Exhibits, Mrs. Kathryn K. Robbins, County Superintendent, Cameron.

ROAD COMMITTEE BUYS NEW TRACTOR AND GRADER FOR ROAD DISTRICT

At a meeting of the local road committee held Tuesday night of this week a five-ton catapillar tractor was purchased from the International Harvester Company on competitive bids with a number of other manufacturers and jobbers. The committee also purchased an Adams Grader at this meeting and it is thought that this new equipment places us in tip top shape to do more and better road building.

The old ten-ton tractor purchased two and a half years ago is being overhauled and will be used for the extra heavy work in all portions of the commissioners precinct but the new tractor and grader just purchased will be used exclusively on road District No. 6 since it is purchased out of the bond money voted by the tax payers of this district. The new equipment is expected to be shipped within the next few days and Commissioner Moore is sure to have plenty of road work to do as soon as the roads dry up.—Thorndale Champion

FORMER ROCKDALIANS MEET IN FORT WORTH

Several of the larger cities in Texas have the distinction of claiming colonies of erstwhile Rockdallians and from time to time news comes of pleasant gatherings among these people.

Last Saturday evening Mr. and Mrs. Zula Box of Fort Worth, who resided here twenty-five years ago, entertained with a dance and get-together party at the Neil P. Anderson Country Club, Lake Worth, in honor of old Rockdale friends.

As the guests arrived exclamations of delight and surprise were heard, and the gathering developed into a regular reunion.

Every one present was so pleased over the entertainment that they voted to make it an annual affair.

Zula, as Mr. Box is affectionately called by his old friends, was reared

in Rockdale, and as a youth held the position of private secretary to Col. Nat H. Tracy. He has been connected with the cotton office of Neil P. Anderson for the past 22 years, which fact indicates that he is as efficient and popular as when a resident of Rockdale.

Those present on this happy occasion were: Messrs. and Mesdames Ben B. Baxter, Walter B. Hamilton, Ray Sadler, E. A. Poole, J. J. Thomas, Harry Hamilton, D. H. Hamilton, Mrs.

F. M. Walker, Mrs. Celebra Kregan, Miss Merle Griffith, Mr. Gibson Randle, Mr. C. E. Ousley, all of Fort Worth; Mrs. C. M. Perry, George Perry of Rockdale; Mrs. Frank H. Bethea, of Southern California; Mrs. Myrtle Marshall Smith of Montgomery, Alabama; Mr. and Mrs. W. J. Brooks of Waco, Mrs. W. E. Cofer of Mineola, Mr. Brett P. Marshall of Quito, Ecuador, Dr. and Mrs. G. B. Renfro, Mr. and Mrs. J. A. Boesley, Mrs. Tom D. Collins, Miss Jennye

Lynne Yerke; Mr. Clyde Loper, Mr. Willard P. Marshall, all of Dallas.—Rockdale Reporter.

Misfortune Follows Milam County Man In Move To Houston

The Reporter is in receipt of a short letter from its good old Milam county friend, S. A. Blankenship, dated Houston, January 21, in which he states that his 18-year old son, Robert, was killed there on the 13th while engaged in working on the State Highway. Young Blankenship was driving a truck, and was run into by a speeder, his father states.

The Blankenships moved to Houston early in January, having farmed last year on the Emory Crump place south of town. The dead boy was a fine young fellow, and helped his father faithfully on the farm. He had gone to work immediately after the family moved to Houston, securing work as a truck driver for a road contracting firm.

The many friends of the family in Milam County, where the boy was born and reared, will receive this news with regret and sorrow.—Rockdale Reporter.

NOTICE IN PROBATE The State of Texas

To the sheriff or any constable of Milam County—Greeting:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Milam County, a copy of the following notice:

The State of Texas
To all persons interested in V. L. White, deceased, B. P. Atkinson has filed an application in the County Court of Milam County, on the 24th day of January 1927, for letters of administration on said estate, which said application will be heard by said Court on the 7th day of February 1927 at the Court House of said County, in Cameron, Texas, at which time all persons interested in said estate are required to appear and answer said application, should they desire to do so.

Herein fail not, but have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Cameron, Texas this 24th day of January 1927.

Lincoln Was For Good Banking

Among the early patriots to advocate a system of good banking.

A log cabin pioneer born in Hardin County, Kentucky, February 12, 1809, he became the sixteenth president of the United States.

Lincoln, whose birthday the nation will celebrate on February 12, left a rich heritage of service in high places. He understood banking and did much to further a suitable system of financial industry among the people.

Banking has played a great role in the drama of advancing American civilization. It's service early became a necessity with the pioneers and has since been in the front rank of progress year by year.

This bank offers its patrons a sturdy, safe and helpful service. Patrons of this bank have proven our service.

Open an account with us today and let us help you in your problems where good banking is needed. Remember, savings are necessary and we can help you with a systematic plan of putting away against the day of need a part of your earnings.

CONSTIPATION

And Attendant Ills Relieved
By Taking Black-Draught.

The Rev. Granville Edwards, who lives at Schoolfield, near Danville, Va., was troubled for a long time with constipation and its attendant ill, which kept him from feeling fit. He writes:

"Luckily I then, which was about twenty years ago, heard about Black-Draught and began to take it. After taking Black-Draught for a little while I noticed that my trouble began to disappear. The poisons, which had accumulated in the body, as a result of constipation, were eliminated, and I felt a hundred per cent better. The dizzy feeling, which I had felt almost every morning before breakfast, was gone.

"Black-Draught is a household article with us. We always keep it on hand."

CONDEMNED MAN DRAWS CHART LEADING TO DEATH

(continued from page one)
started to spade up the basement. The work had to be carried on in relays, only one man being permitted to dig at a time.

Constable R. B. Way, sinking his spade into the hard clay late Tuesday turned up an adult thigh bone. A few more spadefulls were removed and the bones of all four victims were unearthed.

The officers reported the condition of the bodies indicated that they had been dismembered before being cast into the narrow grave.

A cursory examination indicated the children had been thrown in first and that the mother had been buried on top of them. The position of the bodies was exactly as Hassell declared they would be found. Only the bones were left.

Hassell Pleased

Huntsville, Feb. 2.—George J. Hassell, a chubby, fair-haired, rather pleasant-faced man of 38, accused of 13 murders—two women and eleven children—who occasionally chuckled over incidents in his career not immediately related to the murders, sat in the death cell at the state prison here Wednesday and told Warden J. S. Speer he was "glad they had found out" he was telling the truth about the killing of a woman and three children in Whittier, Cal., more than ten years ago.

The woman, he said, was Mrs. Marie Vogel with whom he had lived in Whittier under the name of Mr. and Mrs. G. G. Baker. The children, two boys and a girl, he said, were their foster-children.

"I am pleased," he told the warden "that they have found the bodies, so they wouldn't think I was lying."

"I have told the truth," he said reflectively, "about everything that has happened in my whole life."

Hassell talked to him freely Wednesday, the warden said about the murders, except to describe his movements while he was putting the woman and the children to death. He did say, however, the warden said, that he had strangled the boy, a baby with a stocking. Reference to the boy brought tears to Hassell's eyes because, he said, it reminded him of his own little son by his first wife. That and an evident excitement when asked to describe the murders was the only emotion he exhibited, the warden said.

Hassell, meanwhile outwardly cheerful, sits in his death cell adjoining the room where he is to be electrocuted the last of February for killing his wife the widow of his brother and her eight children in Texas.

ELECTION PROCLAMATION

I, T. F. Hardy, by virtue of authority vested in me as chairman of the Democratic Executive Committee of City of Cameron, Texas, do hereby order a primary Election to be held at the City Hall in the city of Cameron Texas on Tuesday, February 15, 1927 for the purpose of nominating candidates of the Democratic party for the following offices of the city of Cameron, Texas, to-wit:

Three Aldermen For A Term Of Two Years.

In the election to be held on the first Tuesday in April A. D. 1927.

The test of a voter at said election shall be "I am a white Democrat and pledge myself to support the nominee of this Primary."

RESOLUTION BY LEGION

By Edwin Hardy Post No. 9, American Legion, Department of Texas; Cameron, Texas, February 1, 1927.

Whereas, the Adjusted Compensation Act passed by Congress to aid the men who served in the World War provided that loans on Adjusted Compensation Certificates might be made by banks on or after January 1, 1927, and held out to ex-service men the promise that after said date they would be enabled to secure greatly needed funds by pledging their Certificates as security; and

Whereas, the limitations imposed upon the banks and the "red tape" involved in making loans on Certificates are very irksome and have caused banks all over the country to refuse to make such loans, not only on account of the small rate of interest permitted to be charged, but also on account of the many blank forms, reports, etc.; and,

Whereas, The Citizens National Bank of Cameron was among the first banks in the country to make such loans, and has already loaned many thousands of dollars to ex-service men on their Certificates; and,

Whereas, we are informed that the other banks of Cameron are preparing to make such loans;

Now, therefore, be it resolved by Edwin Hardy Post No. 9, American Legion, Department of Texas, in regular meeting assembled, that said Citizens National Bank be extended the hearty thanks and high praise of this post for its public-spirited and patriotic action; that the other banks who shall hereafter make such loans have their names added to this resolution, and that a copy of this resolution be spread upon the Minutes of this Post, a copy be sent to said Citizens National Bank, and a copy sent to each of the local papers for publication.

Respectfully,

A. F. Mitchell, John B. Henderson, Committee.
Passed unanimously, H. M. Akers, Commander, Henry Lippman, Adjutant.

RICHARD FRENCH

The death of Richard French occurred at the residence of Frank Heintze near Walker's Creek last Saturday morning, January 29, 1927.

Mr. French was over sixty years of age and has made his home in Milam County practically all of his life. He was a resident of Cameron for a number of years. He has suffered ill health for a long time and about a month ago was stricken with paralysis from which he never recovered.

Funeral services were conducted Saturday afternoon at 4 o'clock at the Walker's Creek church with interment in the Walker's Creek Cemetery with Rev. Hutcherson, pastor of the First Baptist church of Cameron officiating.

The deceased is survived by one brother, Jake French, who lives in Houston.

PREACHING AT MARLOW BAPTIST CHURCH NEXT SATURDAY NIGHT

The Baptist Missionary preached at the Marlow Baptist church last Sunday night. The audience was appreciative and a good service was held. A pulpit committee was appointed, of which Mrs. Johnnie Baker is the chairman, and next Saturday night was set as the date to meet again and call a pastor. The Missionary will preach again Saturday night.

Guy Pope, deputy sheriff and Jim Otts made a business trip to Temple Wednesday afternoon.

"TIZ" FOR ACHING, SORE, TIRED FEET

Good-bye, sore feet, burning feet, swollen feet, sweaty feet, smelly feet, tired feet.

Good-bye corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "Tiz" is magical, acts right off. "Tiz" draws out all the poisonous exudations which puff up the feet. Use "Tiz" and forget your foot misery. Ah! how comfortable your feet feel. A few cents buy a box of "Tiz" now at any drug or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.

EPISCOPAL LAYMAN IN ADDRESS TO MEN HERE

WM. J. DODGE, TENNESSEE MANUFACTURER, TELLS OF HIS CHURCH WORK

Evangelism by laymen of the churches was stressed as a vitalizing factor in the spread of the Christianity in an address here Saturday night by William J. Dodge of Nashville, Tenn., who is in Texas for the Bishop's Crusade, a movement among laymen of the Episcopal church.

Rev. J. P. Love, pastor of the local Episcopal church, who attended the meeting in Houston arranged the speaking date here for Mr. Dodge.

About fifty laymen representing all churches and all faiths in Cameron attended a supper tendered by Rev. Love for the occasion at the Bigbee House.

Mr. Dodge is a wealthy manufacturer of cast iron pipe from his big foundry in Nashville Tennessee. His life, he said, is an example of how completely Christianity may turn a man in his course through life. He was converted six years ago and has since given his time and talent to the task of personal evangelism.

Following the meeting an organization was formed and 14 laymen pledged themselves to do personal evangelism.

The purpose of the Episcopal campaign in Texas is to arouse the laymen to a sense of their responsibility to Christ regardless of faith or church affiliation. Mr. Dodge addressed a large number of clubs and organizations in Houston.

Attending the meeting here were men from every church and a number not affiliated with any church.

Mr. Dodge said that his message seeks to arouse laymen to their sense of responsibility and to right themselves "for they can bring others close to Christ only in proportion to their proximity to Him." He gave his

experience. The meeting had a profound effect on the laymen who attended and they are thanking Rev. Love for his efforts in bringing Mr. Dodge to Cameron.

Those present were Dr. Tom Denison, A. J. Harris, Earl Adrian, Alex Triggs, W. O. Triggs, T. A. Fisher, Dr. J. S. Hubert, Oxsheer Smith, Dr. G. E. Sutton, Judge J. M. Ralston, Kimbler Majors, R. P. Jeter, F. E. Jackson, J. C. Joseph, Geo. T. Graves, F. C. Fahrendorf, R. J. Long, Dr. A. S. Epperson, Rev. E. S. Hutcherson, Rush Thomas, Dr. Eduard Rischer, C. S. Peyton, Hubert Hefley, Rev. L. J. Power, Bill Alex Bonds, Judge W. G. Gillis, Gaston Barmore, Judge Jeff T. Kemp, Paul Webb, J. C. Young, Jim Neimast, Chas. Pollard, Tren; Newton, T. S. Henderson, Jr., Fred B. Cable, Alvin Dusek, R. H. McIntosh, Eugene Longmire, Rosebud; John W. Joynes, E. Hood, Rev. J. H. Garrett, Mr. Porterfield, J. E. Mangum, W. P. Mangum, W. M. Cobb, Dr. E. R. Zellner, F. S. Lesovsky, Dr. John L. Denison, Dr. James Watson and Rev. J. P. Love.

Cameron Banker Is Guest Chamber Of Commerce In Dallas

Mr. and Mrs. Oxsheer Smith left Cameron Wednesday morning to be in Dallas for the entertainment tendered by the Chamber of Commerce to Angus McDonald, vice chairman of the executive committee of the Southern Pacific railroad and James S. Alexander, chairman of the board for the National Bank of Commerce in New York.

The invitation came to Mr. Smith from the Chamber of Commerce with a letter from the chairman of the committee, stating that J. Howard Ardrey, vice president of the National Bank of Commerce of New York, who is a native Texan, will be with the party of New York financiers now in Dallas for the banquet. Mr. Ardrey is a personal friend of Mr. Smith, having met often in the course of their acquaintance in the world of finance.

Home Lackur

Is the ideal finish for Floors, Furniture, Woodwork, Cement and Wicker.

HOME LUCKUR is a beautiful, durable finish that gives a solid color coating to Floors, Furniture and Woodwork. It is not a paint. It is not a varnish. It is a newly perfected lacquer that dries in thirty minutes.

Chairs, tables, woodwork, floors, or almost any surface about the home may be finished with HOME LACKUR and ready for use almost immediately.

HOME LUCKUR is especially well suited as a finish for porch floors and interior wood floors. It can be used with equal success on cement floors that are thoroughly dry. And HOME LUCKUR is easy to apply—by carefully reading the directions anyone can apply HOME LUCKUR with success. Continuous washing and scrubbing or wiping with a dry rag will actually improve the finish and cannot harm it. It will not turn white and even the strongest soaps or hot water will not affect a surface where HOME LACKUR has been used.
